ABOUT THE RANGE: October 2005 was the first shoot on the West Plains Range, being developed for the Club to use on the ten acres owned by Roger and Deanna Sherman. In May 2009, major reconstruction was started to reshape the bays, enlarge the entire Range substantially, and create a great shooting area for all to enjoy. All are invited to come on over. We will continue to make improvements over the next couple of years.

Guests and newcomers, as well as "regulars" are always welcome. Hearing and eye protection is required for all shooters and all spectators. A big umbrella for shade is also a good idea. Come out and join us for a good time on the Range.
